

July, 2008

Dear LOGOs parent:

Last year as part of the Christian Education program at Zion we created a movie room. The movie room was very successful and lead to some wonderful learning and discussion. As we have been putting our program together for the coming year we have identified a number of commercial movies which fit into the units we plan to teach. Being commercial movies they have a variety of ratings assigned to them. We are listing all the movies and their ratings on our program spreadsheet. We will not be able to include all the movies because of a lack of time. Further, we plan to preview the movies so that we are showing segments which will further our discussion. In order to simplify the process we are asking for you to grant permission for your child to view all of these movies.

This form is divided into two sections. Please complete both sections. We would like you to turn in the bottom permission form to us and for you to keep the remainder of the letter and the form.

Thank-you

Your LOGOs Planning Committee

I _____ (parent or guardian) grant permission for _____ (name of child) to view the movies listed in the LOGOs program spreadsheet for the 2008-09 year. I understand that these movies have different ratings and that I am giving permission for my child to view all of these movies.

Return the bottom section with your LOGOs registration

I _____ (parent or guardian) grant permission for _____ (name of child) to view the movies listed in the LOGOs program spreadsheet for the 2008-09 year. I understand that these movies have different ratings and that I am giving permission for my child to view all of these movies.
